

CURRICULUM VITAE

Roberto Mina, MD

Department of Molecular Biotechnology and Health Sciences
Università degli Studi di Torino
Division of Hematology
Azienda Ospedaliero-Universitaria Città della Salute e della Scienza di Torino
via Genova 3, 10126 Torino
Tel (011) 6335878

Education

2012

Medical degree (with distinction), University of Torino, Italy

2018

Post-graduate degree in Hematology (with distinction), University of Torino, Italy

Professional records

2012-2013

Internship, Division of Hematology, University of Torino, Italy

8/2013-8/2018

Clinical and Research Fellowship, Hematology division, University of Torino

10/2017-6/2018

Visiting scholar at Winship Cancer Institute Department of hematology and medical oncology, Emory University, Atlanta, Georgia (USA)

9/2018-2019

Research fellow, Division of Hematology, Department of Molecular Biotechnologies and Health Sciences, University of Torino, Italy

2019-present

Tenure track researcher at the University of Torino, Department of Molecular Biotechnology and Health Sciences

Clinical activity

Clinical management of onco-hematological in- and out-patients, comprising bone marrow transplantation. Specifically focused on plasma-cell disorders, including multiple myeloma and monoclonal gammopathies of undetermined significance (MGUS), amyloidosis and rare plasma cell dyscrasias (plasma-cell leukemias, POEMS syndrome).

Editorial activity

- Reviewer for *Annals of Hematology and Neoplasma*

Spoken languages

Italian: mother tongue

English: Excellent in writing and speaking

Scientific interests

- Diagnosis, clinics and treatment of plasma-cell disorders (Multiple myeloma, plasma-cell leukemia, monoclonal gammopathies of undetermined significance, amyloidosis and POMES syndrome).
- Minimal residual disease assessment in multiple myeloma
- Biology and genetics of multiple myeloma.
- Design and conduction of clinical trials in plasma-cell disorders, including multiple myeloma and plasma-cell leukemia.
- Autologous stem cell transplantation and novel agents for multiple myeloma
- Treatment of older adults with multiple myeloma

Ongoing projects

Currently actively involved in several national and international clinical trials, mainly focusing on multiple myeloma research.

Over the past years Dr. Mina participated, as a sub-investigator in several phase Ib, II and III clinical trials in multiple myeloma, as well as in phase III trials in AL amyloidosis.

Scientific Production

Official H-Index: 11 (Oct 2019; source: Scopus – <https://www.scopus.com/>)

ORCID ID: 0000-0002-8144-541X

Scopus Author ID: 55382956600
